

Sanso

Ceiling Mounted Air Purifier

Description

- Sanso is an innovative, design patented 3-in-1 air purifier, ioniser and multi-functional light designed Beacon Lighting's in-house design team.
- Sanso has set a new benchmark in air purifiers and multi-functional lighting, showcasing the remarkable synergy between design and functionality.
- A single product that circulates and purifies the air you breathe, reducing the risk of Asthma and allergies while also providing an adaptable lighting solution that helps maintain a healthy circadian rhythm. Not to mention, Sanso does all this without cluttering any floor space!
